

Skyline Properties Group Referral Program for Real Estate Agents

Why should Agents refer owners to Skyline?

1. \$\$ now AND \$\$ later

- **NOW:** We pay \$\$ for referring to us
- **LATER:** We refer tenants who are ready to buy to agents who have referred to us and we put owners back into the original agent's hands when they are ready to sell

2. We do the agent's job for them (for free!) - If the agent has a lease listing and their client signs up with us to do the management, all the agent has to do is find a prospect who is interested in renting and we will do the rest:

How it works

- Tenant says "I like the house, what's the next step?"
- Agent calls Skyline and Skyline contacts tenant - Agent's job is done!
- Tenant fills out Skyline online application
- Skyline processes the application and screens the tenant
- Skyline negotiates the lease
- Skyline moves tenant in and does move-in checklist
- Agent kept in the loop at all times and keeps all of the commission from first month's rent

3. Other benefits

- Agents never have to lose a client again due to the economy
- Confidence in knowing Skyline does not list or sell properties – everything is referred to outside agents
- Owner will appreciate agent for referring us because of our service and competitive pricing
- We treat referred business like gold and strive for 100% customer satisfaction to make the agent look good

Please call DD Lee (GA Licensee 281691) at 678-978-1858 or email dd@skylinepropertiesga.com for more information.

Skyline is an active GA RE Firm License #H-63819
